

# ARJUN BALASUBRAMANIAN

Student

## PROFILE

Im Arjun, a cybersecurity enthusiast with skills in Java, C, and Python. I have a basic understanding of cybersecurity and ethical hacking and am always eager to expand my knowledge in the field.

## EDUCATION

INDIAN SCHOOL AL WADI AL KABIR

SECONDARY, HIGHER SECONDARY EDUCATION (2023)

SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY

COMPUTER SCIENCE AND ENGINEERING WITH SPECIALIZATION IN CYBER SECURITY(B.E)(2023-27)

## COMPUTER SKILLS

Security Tools: Security Information Event Management (SIEM), Intrusion Detection Systems (IDS), Firewalls, Antivirus  
Operating Systems & Networking: Windows, Linux, TCP/IP, DNS, SMTP, HTTP

Programming & Database: Python, Java, SQL, C

## LICENSES & CERTIFICATIONS

- Google Cybersecurity Professional Certification  
The Google Cybersecurity Professional Certificate covers cybersecurity practices, risk mitigation, and SIEM tools for protecting networks and data. It also introduces programming languages like Python and SQL for automating tasks and analyzing security data.
- Oracle Cloud Infrastructure 2023 AI Certified Foundations Associate  
The content covers Oracle's AI and ML services, fundamental AI concepts, machine learning, deep learning terminologies, and Oracle's Generative AI, providing a comprehensive overview of these technologies.

## PROJECTS

- Password strength checker  
The password strength project is developing an online tool to assess password strength by evaluating length, complexity, and special characters. This user-friendly web-based application will provide instant feedback and suggestions for improving password security. The goal is to enhance cybersecurity awareness and help users create stronger, more secure passwords.  
Tools used-[TypeScript](#) [HTML](#) [CSS](#) [JavaScript](#)

## ACCOMPLISHMENTS

- COSMOS-National space day event CTF Winners
